

# Flow metering of baking powder

## Client:

Producer of baked goods (Austria)

## Product:

Baking powder

## Conveyed volumes:

no information

## Conveyor mechanism:

Conveyor screw

## Installation location:

Free fall after conveyor screw

## What measuring process was used previously:

none

## According to the client, the SolidFlow system offers the following advantages:

- Continuous material flow metering
- Simple commissioning
- Simple retrofitting using an assembly flange

## Client benefits:

- Ensures the right mixing ratio
- Quality control in the manufacturing process
- Recording of the actual consumption volumes
